Theatres

LADIES FIRST

"Ladies First" at the Orpheum theatre last night lasted about 20 minutes longer than the average road show but it was so all-fired enjoyable that it is doubtful if anybody noticed it was an unusually long show.

"How can she do it?" was the question asked by scores last night after they had laughed for nearly three hours at the comedy of Nora Bayes and Al Roberts and the others of the cast, but especially Nora Bayes.

Nora is billed as America's premier singing comedienne. After seeing and hearing her last night it seems unlikely that the press agent exaggerated. It is doubtful if any better comedienne has been seen in Ogden.

Those old-time theatre goers who

were Charles Hoyt fans will recall the plot of "Ladies First" for the authors make no bones about announcing they wrote the present musical play from Mr. Hoyt's "A Contented Woman."

Denny Holmes is induced to run for mayor on one ticket and the Woman's party puts up his sweetheart in opposition. There are plenty of diverting incidents during the progress of the play, some clever dancing, excellent singing and to top it all there is the unusually fine work of Nora Bayes.

The play is filled with catchy melodies and they are sung in a manner far superior to the standards of the average musical comedy.

There was an unusually large crowd to enjoy Nora and her associates and all who were not there missed a real theatrical treat.

The student who shot at Erzberger, the German minister of finance, and failed to kill him, cast a reflection upon the German arms.

CAMPAIGN AGAINST HOUSE FLY STARTS THIS MONTH

Now is the time to get rid of the danger of typhoid infection through the typhoid or common house fly, "musca domestica," next summer. Dr. T. B. Beatty, state health commissioner, reports that more interest than usual is being taken this year in the spring clean-up in the various towns of Utah. Word to this effect is brought to him by Dr. Samuel Wolfe, who has been making inspection trips over various parts of the state at the request of the commissioner.

"These campaigns," said Dr. Beatty, "should be aimed especially at typhoid, and that means at the fly. It is said that 95 per cent of the flies are bred in the piles of manure, and these should be moved out to the fields, where they will do much good. Certainly no town in Utah has use for accumulations of the filth of the stables of twenty years' standing, such as have been noted in some instances by Dr. Wolfe.

"The state board of health this year, as last, is without funds to conduct an annual clean-town contest, although such contests were found to be highly beneficial and of permanent effect in the years in which they were held. They resulted in the passage in several cities of health ordinances, such as those requiring the removal of stable manure at intervals of not more than ten days. The interest was beneficial and is being displayed in a measure this year, even though there is to be no contest.

"The removal of the accumulations where the house fly breeds is the logical way of combating the fly and so of fighting typhoid. Such campaigns have been a great factor in reducing typhoid in Utah by 75 per cent."

CUT THIS OUT—IT IS WORTH MONEY.

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar for coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache, and sluggish bowels.—A. R. McIntyre Drug Co.—Advertisement.

Boiled Down News From Political Pot

WASHINGTON, March 25.—Both Democrats and Republicans cheered a statement in the house today by Representative Humphreys, Democrat, Mississippi, that President Wilson should make an immediate announcement that he was not a candidate for a third term.

Under no circumstances should Mr. Wilson ask for re-election, Mr. Humphreys said, recommending passage of an amendment limiting presidential eligibility to one term. Public advocacy by the president's friends and members of his cabinet that he run a third term has allowed the country to believe that he will break an ancient precedent, the speaker declared.

"I regret therefore all the more that he has remained silent as to his intentions in the matter of a third term," he continued. "I believe the accomplishment of his administration under his great leadership will secure for him a place high on the roll of our great presidents."

SOUTH DAKOTA RESULTS.

SIOUX FALLS, S. D., March 25.—Primary election returns for Republican presidential endorsement compiled at noon today from 254 of 1740 state precincts—about nine-tenths of the state vote—gave Wood 27,540; Lowden 24,937; Johnson 22,974. These returns are from sixty of 64 counties. The four missing counties in isolated sections have a total of only 56 voting precincts.

First returns for Democratic presidential endorsement were obtained. Minnehaha county (Sioux Falls) with three precincts missing (the vote was Gerard 266 and Monroe 61. Dewey county reported 41 for Gerard and six for Monroe. The Democratic vote was very light.

NEW MEXICO CONVENTION.

SANTA FE, N. M., March 25.—With a delegation instructed for General Leonard Wood regarded as likely, an instructed delegation being the alternative, delegates are beginning to gather today for the New Mexico state Republican convention tomorrow which will select delegates to the national convention at Chicago.

CONVENTION IN MAINE.

BANGOR, Me., March 25.—Ratification of the peace treaty with the reservations adopted by the senate was favored in resolutions presented to the Republican state convention today. A resolution disapproving government ownership of railroads and steamships was also offered.

The business included the nomination of six candidates for presidential electors and the choice of four delegates at large and eight district delegates to the national convention. Leaders of the convention expressed the opinion that the delegates would be uninstructed and unpledged although Major General Wood's supporters, who had conducted the only organized campaign in the state, claimed that a canvass of candidates for places on the delegation showed they favored him. No claims were made in behalf of other presidential candidates.

GOMPERS CRITICIZED.

NEW YORK, March 25.—The recent appeal of Samuel Gompers to members of the American Federation of Labor, not to affiliate with national labor political party, but to concentrate upon the election of Republican or Democratic candidates favorable to labor, was declared in a statement issued by William Kohn, chairman of the American labor party of greater New York,

"BIG BILL" RUSSELL IN "SHOD WITH FIRE" AT "OGDEN" TODAY

"Shod With Fire," a romantic love story of the plains, presented by William Fox, starring William Russell, will open an engagement at the Ogden theatre today.

In this story of western life, it is said, William Russell surpasses himself in forceful acting and daring horsemanship. The story is an adaptation of Harold Titus' "Bruce of Circle A." The scenario was written by J. Anthony Roach, and the production was directed by Emmet J. Flynn.

Supporting Mr. Russell are Helen Ferguson, Betty Schade, Robert Cain, George Stewart, Nelson McDowell and Jack Connolly.

Mr. Kohn asserted that trade unionists as such rarely are nominated by either of the old parties and that should such a one be selected he probably would not be acceptable to the rank and file of labor. He also asserted that "neither a trade unionist nor any other man can be an honest, uncompromising friend of labor if he is handicapped at every turn by membership in a reactionary political party."

Mr. Kohn asserted that trade unionists as such rarely are nominated by either of the old parties and that should such a one be selected he probably would not be acceptable to the rank and file of labor. He also asserted that "neither a trade unionist nor any other man can be an honest, uncompromising friend of labor if he is handicapped at every turn by membership in a reactionary political party."

COLUMBUS, O., March 25.—An active campaign in the interest of Governor James M. Cox of Ohio, for the Democratic nomination for president, is launched here.

No announcement was made whether or not there will be a campaign in other states for delegates pledged to Governor Cox but "active organization will proceed to properly present the Cox candidacy," a statement issued by the state Democratic leaders asserts. Governor Cox is assured the solid Ohio delegation of 48 votes at the San Francisco convention. All candidates for delegates to be chosen at the primary April 27 are pledged to the governor.

A letter addressed to the Democrats of the nation makes as its principal point of argument that with Cox as the Democratic nominee, the electoral vote of Ohio is assured, based upon the fact that he has three times carried the state for governor, the last time running ahead of the Democratic congressional ticket more than 75,000 votes. The letter also points out the governor's accomplishments in Ohio, which, it is declared, made his political success possible.

You've heard a lot about \$100,000 comedies and the like. Larry Lemon in the "Grocery Clerk" didn't cost that much but you should see it. Best comedy ever shown. And Shirley Mason in "Her Elephant Man" makes this a program worth while. Special matinee for children Saturday. Utah theatre.

Forest Service Asked to Settle Grazing Dispute

Sixty-five per cent of Weber county's quota for the Mormon battalion fund which is \$12,000, has been paid in cash, while the remainder, in cash or pledges, is due before the end of March, Chairman James Douglas has reported. Many county wards are yet to be heard from, it is stated.

Step lively folks and follow the crowd to the greatest and sweetest circus story ever told, starring winsome Shirley Mason, sister of Viola Dana, now showing at Utah theatre. Special children's matinee Saturday.

8,000 American Citizens in Germany

WASHINGTON, March 25.—An official estimate by the state department today placed the number of Americans in Germany at about 8,000, of whom approximately 400 are women.

All American travelers in Berlin, it was said, were given ample opportunity to leave on special cars provided after the recent revolutionary outbreaks, but many failed to leave as they felt they were safe.

STRIKE AVERTED.

NEW YORK, March 25.—Suspension of work in the anthracite coal fields April 1, when the present wage agreement between operators and workers expires was averted when owners notified the hard coal diggers that they would agree to make any wage increase decided upon in the new agreement being drawn up retroactive to that date.

COLLEGE SPIRIT IS CAUSE OF TROUBLE

Ducking in Lake by College Students Results in Charges Made to Atty.-General

HAYS, Kan., March 25.—Ducking in a lake of a student and two members of the faculty, one of whom charged that the students had organized a "soviet" was not the work of any "soviet," E. L. Montague, financial secretary of the Fort Hays Normal School, declared. He denied in a telephone conversation with the attorney general at Topeka that there was any tendency toward a "soviet" among the students or faculty.

The trouble arose, Mr. Montague said, from a misinterpretation and misconstruction of the attitude of the student body by a few individuals. The day had been set apart as campus day in which every member of the faculty and every student was expected to help in building a six-lap track. A playful suggestion was made, according to Mr. Montague, that those who refused be ducked.

Three men thought it was coercion and refused to help. The three, James Start and P. Casper Harvey of the faculty, and John E. Lindquist, a student, were ducked, with the approval of faculty and students, according to Mr. Montague.

"It was simply an expression of college spirit, nothing else," he said. "Harvey one of the men ducked sent two telegrams to the state board of administration, in which he said a student 'soviet' was in charge and asked help."
